

ZIMMER+ROHDE

Product data sheet

NIGHT LIFE FR is a natural-looking decorative fabric with a soft flowing drape.

Its pleasantly matt surface and lively vertical texture is reminiscent of a natural linen fabric. The reverse side is always black, woven with an extremely high thread count. This allows the remarkable blackout effect of 98%. Made of 100% flame retardant Trevira CS, NIGHT LIFE FR is the right choice for any situation where day needs to be turned into night, whether in private bedrooms, hotel rooms or public lecture halls.
