Product data sheet

Our Mezzana design is a wide-width fabric woven in Italy and made from European Flax-certified linen and refined silk yarn. It owes its beauty to the washed and handmade "mano della nonna" finish, which is carefully applied in small batches. Mano della nonna means "by grandmother's hand." We wanted to recall the beauty and charm of old, naturally crease-resistant, linen sheets that were traditionally washed by hand in the local pond. The threads tighten after finishing, providing a structured, full-bodied fabric: a true beauty!
